关于展会 analytica China

自2002年首次登陆中国以来，慕尼黑上海分析生化展 (analytica China) 已成为亚洲乃至全球规模庞大的分析、实验室技术、诊断和生化技术领域的专业博览会和推广平台。同期举办的analytica China国际研讨会也是业内人士关注的焦点，聚焦整个行业的发展，是科学技术和行业技术相互传递的理想平台。

analytica China, the analytica China conference and the exhibition portfolio for analysis, laboratory technology, diagnostics and biotechnology, address one of the industry's most important growth markets in Asia, i.e. China. Since its debut in 2002, analytica China has become the biggest trade fair in China even in Asia. Meanwhile, the concurrent technical conferences are the focus of industry players as well.

耶拿是从2001年开始进入中国市场的第二年参加慕尼黑上海分析生化展。展会在国际上享有盛誉，是目前业内较有权威性的学术活动之一，同时规模也非常大。公司二十多年的蓬勃发展，与展会长期以来的紧密的合作密不可分，我们共同目睹并助力了中国分析化学领域的飞速崛起与辉煌成就。在本届展会上，现场人潮涌动，气氛热烈非凡。很多新老朋友来到我们展台，这让我们深感荣幸与喜悦。

Analytik Jena has been participating in analytica China since the second year of entering the Chinese market in 2001. This exhibition enjoys international reputation and is one of the most authoritative academic events in the industry, known for its scale and influence. Our company's strong growth over the past 20 years has been closely tied to our long-term collaboration with this platform. We have witnessed and contributed to the remarkable advancements in analytical chemistry in China. This year, the exhibition was bustling with activity, drawing numerous new and familiar faces to our booth, and we felt quite honored and delighted.

2024年展商感言 / Exhibitors' comments

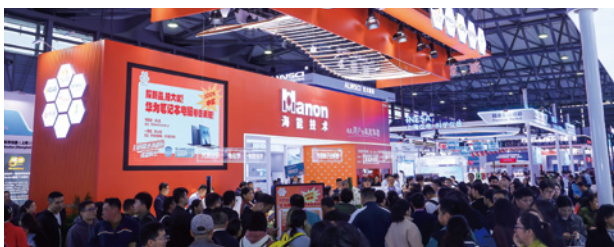

自慕尼黑上海分析生化展举办第一届开始，我们每届都积极参与。此展会作为国际化的综合性盛会，不断推动我们产品的创新与满足终端用户需求的提升。同时，它更是一个细分领域广泛、高端的交流平台，汇聚来自各行各业，特别是研发创新的终端用户以及上下游的供应商，展现出很强的包容性。我们期待下届展会能深化国际融合，作为综合性舞台，相信慕尼黑上海分析生化展能更有效地帮助参与者找到满足自身需求的创新性方案。

Since the inaugural of analytica China, we have actively participated in every edition. This internationally renowned exhibition has continuously spurred our product innovation to meet end-user demands. It also serves as a vital high-end communication platform that covers a wide range of segments, uniting R&D professionals, innovators, and upstream and downstream suppliers. We anticipate deeper global integration at future editions and believe that analytica China will increasingly help participants discover innovative solutions to meet their needs.

2024年展商感言 Exhibitors' comments

慕尼黑上海分析生化展在整个分析生化行业内，我们认为是非常有辨识度的展会，特点很鲜明。今年的展会可概括为“大、全、专、新”四大亮点：规模宏大，展品全面覆盖，展区细分专业度很高，且展会展区设计与规划年年创新，今年更是尤为出色，令人印象深刻。未来，我们将持续参展，借助这一平台深入接触客户，精准把握用户与市场实际需求。

In the analytical and biochemical industry, analytica China stands out as a highly distinguished and reputable event. This year's edition can be summed up with four highlights: *large*, *comprehensive*, *specialized*, and *innovative*. The exhibition featured expansive scale, broad coverage of exhibits, precise segmentation of professional zones, and creative planning that exceeded expectations. We will continue to leverage this platform to connect deeply with customers and gain insights into their actual needs and market trends.

我们是第一次参加慕尼黑上海分析生化展和上海实验室规划建设与管理大会，展会汇集了大量的建设、运营、产品制造和分析仪器的厂商。展会规模很大，吸引了全国的实验室相关人士来参观。尽管实验室行业相对小众，但其汇聚的人气之盛，实属难得。实验室建设领域已成为我们公司新一轮产业链发展的重点，我们期待展会能进一步集合实验室相关领域的展商和观展人员打造更广阔的平台，相信慕尼黑上海分析生化展将越办越精彩。

This is our debut at analytica China and labtech China Congress. The exhibition brought together lab constructors, operators, product manufacturers, and analytical instrument suppliers under one roof. The exhibition was very large and attracted laboratory professionals nationwide. Despite the niche nature of the laboratory industry, the event's popularity was impressive. Laboratory construction has become a strategic focus for us, and we are looking forward to seeing analytica China grow further, bringing together more professionals in the lab industry and creating broader opportunities for the participants.

METTLER TOLEDO

慕尼黑上海分析生化展是仪器公司眼中具有国际影响力的重要盛会。本次展会令人印象深刻的是，行业内几乎所有友商均积极参与，实现了整个行业的盛大聚会。随着各行业检测技术的不断进步，我们期待在未来的展会上，能看到更多元化的行业加入，如食品、金属、矿物等领域，共同推动检测仪器行业的繁荣发展，绽放光彩。

For analytical instrument companies, analytica China is a premier exhibition with significant international influence. What impressed me most this year was the enthusiastic participation of nearly every major company in the industry, creating a grand assembly of the entire industry. With advances in detection technologies across various sectors, we hope to see broader industry representation in the future, such as food, metals, and minerals, driving the prosperity of the analytical instrument sector.

2024年观众评价 Visitors' comments

我是第四次莅临慕尼黑上海分析生化展和上海实验室规划建设与管理大会，希望了解检测分析设备&实验室环境控制相关产品，现场看到了高精密度设备，如安捷伦的GCMS、珀金埃尔默的ICP-MS等新产品，以及其他如数字化实验室规划、新款通风柜、废液收集&处理装置等方面的行业技术和产品。未来，我司还将继续参加该展会！

段芳芳，统一企业（中国）投资有限公司

This is my fourth visit to analytica China and labtech China Congress. My primary focus was to explore testing and analysis equipment, as well as products related to laboratory environment control. At the exhibition, I saw high-precision instruments like Agilent's GC-MS and PerkinElmer's ICP-MS, along with other industry innovations such as digital laboratory planning, advanced fume hoods, and waste liquid collection and treatment devices. In the future, our company will continue to participate in this exhibition!

作为企业用户，我们主要是想通过慕尼黑上海分析生化展，寻觅到适用于我们、性价比高的仪器设备、耗材、配件等，比如色谱类、质谱类等。同时也多了解和学习前沿的产品和全新的行业动态。我们从2002年以来，每届展会都会来参观，看到参展的国产仪器越来越多，收货颇丰，同时，现场展台布置也非常壮观。

As a corporate user, we rely on analytica China to discover cost-effective instruments, equipment, consumables, and accessories that suit our needs, such as chromatography and mass spectrometry. We also use the exhibition to learn about cutting-edge products and the latest industry trends. We have attended every exhibition since 2002 and have witnessed the growing participation of domestic instrument manufacturers. analytica China always provides an abundance of useful resources, and the spectacular booth layouts are certainly a plus to the experience.

我第五次荣幸地参加了慕尼黑上海分析生化展和上海实验室规划建设与管理大会，每一次的参与都让我深感不虚此行。本次参会，我们的主要目标是寻找与化学分析相关的优质仪器、耗材及试剂产品，而展会上的丰富选择和高质量展品无疑满足了我们的期待。展会上的创新产品和技术让我对未来充满了期待。此外，此次展会汇聚了众多可靠且专业的展商，为我们提供了更多选择和合作机会。展会的组织和服务也很出色，让我感受到了专业与热情并存的氛围。

I honored to have participated in analytica China and labtech China Congress for the fifth time. Each visit has proven to be worthwhile, and this year was no exception. Our primary goal for this event was to discover high-quality instruments, consumables, and reagents related to chemical analysis, and the extensive range of high-caliber exhibits fully met our expectations. These innovations showcased at the exhibition inspire my great optimism for the future. Additionally, the exhibition brought together numerous professional and reliable exhibitors, offering us a wide array of options and collaboration opportunities. The event's organization and services were applaudable, reflecting a highly professional and welcoming atmosphere.
